THE ORIGIN

Santan is the milk extracted from grated coconut pulp. It's rich in flavour, packed with nutrition and a staple in many Asean cuisines.

AirAsia's own **Santan** was born in 2015, with the vision of creating a unique onboard dining experience using the best Asean flavours. Since then, our mission has become clear: to provide a more sustainable food journey by elevating the farm-to-table movement, while serving delicious hot meals, local desserts and artisanal beverages. We've even opened our own restaurant on the ground!

We take great pride in the things we offer, from our quality food and beverages made with only the freshest produce to supporting locally made products from across the region. Every cup brewed and meal prepared is made with a blend of passion and drive that helps us share our love of Asean flavours with the world.

From ASEAN with Love.
