A SKY HIGH TRIBUTE TO *The Pioneer* →

JRD Tata, aviator, entrepreneur and humanitarian, was the longest-serving chairman of the Tata group, and founder of many Tata companies. He grew up in France, watching the famous aviator Louis Bleriot's early flights and in 1929, became the first Indian to be granted a commercial pilot's licence. JRD Tata was awarded the French Legion of Honour and two of India's highest civilian awards, the Padma Vibhushan and the Bharat Ratna.

In tribute to the pioneer, the livery of AirAsia India's VT-JRT aircraft features a portrait of JRD Tata with the Puss Moth aircraft he piloted on October 15, 1932 which heralded the advent of the civil aviation in the Indian subcontinent. Limited collector's edition 1:200 scale models of The Pioneer livery aircraft are available for sale onboard.

JRD also loved experimenting with flavours, combining elements from various cuisines to create something unique and delicious. We worked closely with the chefs at The Taj Mahal Palace to offer you a carefully curated taste of the connoisseur's culinary favourites - oven heated and served across our flights.

*Skytrax has named AirAsia the World's Best Low-Cost Airline for the eleventh year in a row. AirAsia India is a joint venture between Tata Sons Private Limited and AirAsia Investment Limited and is a part of AirAsia Group and permitted by Skytrax to use this logo in India.
