Flying High is the memoir of an exceptional business leader and an inspiring story that demonstrates you can achieve anything if you dare to dream. As a boy, Tony Fernandes wanted to be a pilot, a racing driver or a footballer. By 2011 he'd gone one better: building his own airline, buying a Formula One team and becoming Chairman of Queens Park Rangers. Born and raised in Malaysia, Fernandes was sent to boarding school in England aged twelve, where he excelled in sport and was taught the importance of camaraderie. On leaving school, Fernandes travelled around America and Australia, learning valuable lessons about the power of positivity and inclusivity that would go on to shape his open approach to business.

Established in the year 2010, Pestle & Mortar Clothing isn't just about creating nice clothes, but making a statement through the projection of Malaysian lifestyle and culture. Their designs pay homage to iconic, local everyday sights that most Malaysians grow up with. This approach makes their designs more personal and is the reason why AirAsia chose to team up with them for this brand new capsule collection.

By using apparel as a canvas to paint different stories, AirAsia and Pestle & Mortar Clothing, aim to spark conversations with these designs, ultimately showing the world what Southeast Asian artists have to offer.

Since AirAsia and Pestle & Mortar Clothing both hail from Southeast Asia, we decided to work toward broadening our network of collaborators by engaging with artists from 6 different Asean countries with the theme of celebrating and championing Southeast Asia, its culture and people.

Different artists from Vietnam, Cambodia, Thailand, the Philippines, Singapore and Malaysia, who came from different creative backgrounds were given the opportunity to design their own product with full creative freedom in expressing Southeast Asia through their eyes.

1

LUCKY CHARM LUGGAGE TAG

RM89

Southeast Asian Culture revolves around a lot of luck and superstition. Here's a little souvenir with elements of wind, earth and water that you can bring with you on your travels to ensure that the universe works in your favour.

2

DREAM BIG, START SMALL BUM BAG

RM149

Representing the Pearl of the Orient with elements of the Sampaguita flower, a common sight in the Philippines that shows that every big dream starts with a small idea, just like the World's Best Low-Cost Airline!

3

COLOURS OF S.E.A. 3-PIN SET

RM60

Each pin contains both traditional and modern elements of Khmer patterns seen in carvings at the ancient temples of Angkor Wat. The patterns are a nod to the vibrant tropical colours, jungles and the flora that can be found within Southeast Asia.

4

NAGA 5-PANEL CAP

RM109

This design incorporates modern graffiti style with traditional Cambodian patterns in an abstract Cambodian "Naga" intertwined together. It represents travelling and movement, showing the connectivity of the Asean region and how we are united together.

FLOWERS OF S.E.A. TEE RED

RM119

Each Southeast Asian country is represented through their national flower placed in different pestle and mortars, a cooking tool famously used in Southeast Asia to crush and grind ingredients into a fine paste or powder.

EYE OF S.E.A. TEE BLACK

RM119

Southeast Asia is a giant melting pot of different beliefs, cultures, colours and backgrounds. We incorporated famous Asean elements into the shape of an eyeball to show that we see past our differences in culture and aspirations and live in harmony.

7

S.E.A. PRIDE TEE WHITE

RM119

Despite our many differences, we always manage to find things we have in common, like the fact that we're all surrounded by the sea. The artist here, captures that element through the waves in the design.
